

PRODUCT OVERVIEW:

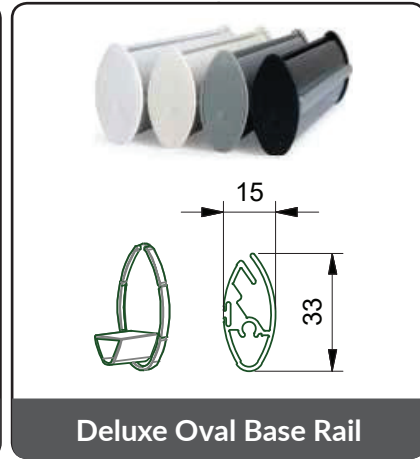

Quattro has a range of base rails, including standard round and our new Deluxe range.

Round Base Rail

Deluxe Flat Base Rail

Deluxe Oval Base Rail

Description

6063 T5 Grade Aluminium Extrusion – Powder-coated or Clear Anodised Finish.

(Custom Finishes available on request)

Work with the following Roller blind types, Chain Operated, Motorised, Single, Double, Multilinked (Not Suitable with Blackout Cassette System)

Deluxe Base Rails:

Optional bumper made from Medical Grade Silicon for longevity and reliability – orders must state “with bumper” otherwise it will arrive standard without.

Weight of the base rail is (30% heavier than other base rails) meaning the fabric will hang better.

Opening is wider so it’s easier to insert the fabric – reducing pull marks or stretching in the fabric.
